

17 April 2020

Kia ora families/whānau

You may have heard yesterday the Government announced that when the country moves to Alert Level 3 ECE's and schools would be opening for children from 0 to year 10. The government will announce on Monday 20th April when we will be moving from Alert Level 4 to Level 3.

There are still a lot of questions and planning to work through at this stage to determine how and which kindergartens will be reopening. One of the first steps will be to identify the number of children that will need to attend kindergarten, so we will be emailing out a survey to all families early next week.

We will keep you updated as soon as further details are known.

Stay safe in your bubbles.
